**Subject:** RE: Walker Construction: Albert Hugo Friday (Blacksole) Bridge

Hi Chris,

This is an excellent article and very well put together. There was very little to add at all.

I have made only minor suggestions in three locations in green text. I know space is tight so cut these down or omit if you need to.

Hope the suggestions are helpful.

Call if you need to discuss anything and well done with the write up.

All the best.

Best Regards,

Phil Johnson, BSc (Hons) Civil Eng, ICIOB
